Receipts of Live Stock at the Union Stock Yards during the past 24 hours-20 cattle, 512 hogs, and for the week just closed, 1,128 cattle, 467 calves and 8,653 hoga.

There were so few cattle on sale today that very little can be said of the market. Good butchers' stock is wanted very much and high prices are being realized on everything that is coming in. Some good butcher cows and beifers sold today as high as \$2.35@\$2.40, which is fully 25 to 30 cents higher than one week ago. Buyers have not been able to get one-fourth as many cattle as they have wanted during the week as there have been so few on the market. There has been a fair run of Texans which were not on sale. Packers have taken nearly all the butcher stock and shippers and order buyers have done a very light business. There is a good demand for native stock steers and prices on this grade of of cattle are 20 to 25 cents higher than low point this senson. Good cattle of all kinds will find an active market here and will sell at good big values.

There was the lightest run of hogs today for many weeks. The trains were all on time and business at the yards closed early. The receipts of hogs for the week fall short of last week 200 head. The market opened weak to 2)4 cents lower than esterday's close, on report of the market being 5 cents lower in Konsas City. Later reports from eastern markets showed a 60 weaker feeling and prices 5001) cents lower. The last sales on this market were made at \$2.70 ca.75%. Good heavy hogs sold at about same prices as packing grades. The close is fully 10 to 15 cents higher than
